GOAL 1 Data Review

As you review your Goal 1 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	The data from the 2017 Strategic Plan Survey shows growth as we work towards attaining Goal 1C.
Which prior year action steps have contributed to these areas of strength?	Action Steps 1g, 1h, 2b, 2c, 2g, and 4g have contribute to growth
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	We would like to see growth in state standardized assessments
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Action Steps #1 and #2 under school goal 1A will keep the focus on effective instruction and professional development
Other Key Findings: What does your overall data show regarding progress towards goals?	Progress has been made but there are still many gains to be made

GOAL 2 Data Review

As you review your Goal 2 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	Suspension rates are still down and student survey data shows students believe they are learning in a safe and positive school climate
Which prior year action steps have contributed to these areas of strength?	Action Steps 1c, 1g, 2i, 4b, 4d, 4g, 4h, have contributed to this growth
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	Parent involvement needs to be expanded
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Action step 1b under school goal 2c will be developed to address needs, specifics to be determined at a later date possibly by formation of committee
Other Key Findings: What does your overall data show regarding progress towards goals?	We are comfortable with where we are at but have specific areas of focus to address. Attendance has room for improvement

GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	We have moved students more towards thinking about their future goals. Focus on entry in community colleges has been key factor
Which prior year action steps have contributed to these areas of strength?	Action steps 1h, 2i, 5d, and 5e are in support
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	Need to develop more focused CTE pathways and guide students into transition into community colleges
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Action steps 2a, and 2b under school goal 3b will address growth needs. Programs such as dual credit options are being looked at
Other Key Findings: What does your overall data show regarding progress towards goals?	We are comfortable with where we are at but have specific areas of focus to address including making the transition to community college seamless

ANNUAL EVALUATION

School Plan for Student Achievement Annual Evaluation

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

	Annual Evaluation Summary Description Use the guiding questions above and provide a summary response for each area of evaluation.

School Parental Involvement Policy: 2018-19

Involvement of Parents in the Title I Program & Building Capacity for Involvement

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

PARENTING: Help all families establish home environments to support children as students.

- 1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.
- 2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.

The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. The school will schedule ongoing parent meetings to disseminate information regarding Title I and other school programs.

The schedule of parent meetings and parent education opportunities are disseminated to parent through electronic messaging, school website, newsletters, School Messenger, etc.

COMMUNICATING: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.

- 3. Our school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.
- 4. ACCESSIBILITY: The school provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.
- 5. Our school has developed a written Title I parental involvement policy with input from Title I parents. It has distributed the policy to parents of Title I students. The policy describes the means for carrying out Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].

Parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students, identify their home language and preferred correspondence language during school registration. For language needs exceeding 15% of the school population, information will be made available in those languages. All

notices, flyers, newsletters, etc., are translated by either school staff or the translators at the ARC. School community liaisons are available to provide interpretation for parent meetings, parent conferences, and other activities at the school site.

The school developed the policy with parent input gathered through surveys, parent meetings, School Site Council meetings

VOLUNTEERING: Recruit and organize parent help and support.

- 6. Our school provides support for parental involvement activities requested by Title I parents.
- 7. With the assistance of Title I parents, the school educates staff members about the value of parent contributions, and in how to work with parents as equal partners.

Parents will be provided with information on how to become involved in school or district parent governance committees, parent organizations, parent education groups, or other parent volunteer opportunities.

Parents are invited to participate in special program, such as SSC

LEARNING AT HOME: Provide information and ideas to families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.

- 8. Our school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet.
- 9. Our school provides Title I parents with assistance in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children. Our school provides parents with materials and training to help them work with their children to improve their children's achievement.

Teachers explain the curriculum and assessments used to measure student progress at Back-To-School Night and parent-teacher conferences. The principal will share additional information with parents during other parent meetings.

Teachers explain the curriculum and assessments used to measure student progress at Back-To-School Night and meetings with admin/counselor

DECISION MAKING: Include parents in school decisions, developing parent leaders and representatives.

- 10. If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.
- 11. Our school involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy.

The review of the School Parental Involvement Policy is included as part of the annual review of the School Plan for Student Achievement (SPSA). The policy is updated periodically to meet changing needs of parents and the school. The school has a process in place for involving parents in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents of Title I children [20 USC 6318 Section 1118(c)(3)]. The district provides a timeline for requirements related to Title I, parent involvement, SSC and ELAC topics to be discussed, as well as the process of reviewing and developing the SPSA, including this parental involvement policy.

The school invites parents to participate on the School Site Council and other parent committees. Parents are also involved in the development of the school plan and are given an opportunity to provide feedback into school actions through meetings and the annual parent survey.

COLLABORATING WITH THE COMMUNITY: Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.

12. Our school coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children.

The District's Parent and Community Outreach Department provides guidance, support, and training to parents, teachers, administrators, and support staff. The activities of the Parent and Community Outreach include:

- Providing professional development opportunities in parent education programs
- Serving as a link to parent and community resources
- Developing and encouraging high-quality parent programs and parental involvement opportunities at school sites
- Coordinating parent education and community outreach meetings

Our school has designated staff and/or school-community liaisons that provide outreach to families, serve as a resources for parents, and collaborate with the community to support parents and families.
