The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

The following Plan components are addressed in the School Plan for Student Achievement as indicated below:

SECTION A (Sections 1 – 4 will be addressed through the process of data analysis and completion of the Action Plan)

(1) Data Analysis Tool: Comprehensive Needs Assessment

The Data Analysis Tool includes district and site-level data for to support the analysis of school performance and progress. Data is aligned to our District's Strategic Plan and Local Control Accountability Plan (LCAP).

Data Analysis, Program Analysis, and Needs Assessment, includes data such as the following:

- Academic performance data to determine student needs, State Standardized Assessments
- Adequate Yearly Progress (AYP) performance data for all students and subgroups are used to develop the instructional support program
- California English Language Development Test (CELDT)/ English Language Proficiency Assessment for California (ELPAC) data
- District Benchmark exams
- After school program data
- School climate and safety data, including California Healthy Kids Survey (CHKS)
- Strategic Plan Survey (Student, Staff, and Parent), Parent Needs Assessment
- Input from stakeholders (advisory committees, parents, community, etc.)
- The relationship between professional development and the successful implementation of core programs or interventions
- Evidence of implementation of monitoring activities in SPSA

(2) Data Review: School Plan for Student Achievement Annual Evaluation

The means of evaluating the progress of programs toward accomplishing the goals, including determining whether the needs of all children have been met by the strategies used, particularly the needs of low-achieving students and those at risk of not meeting state academic content standards. Monitoring of SPSA action plan and progress toward goals.

- Highlight Strengths: Which data reflected strengths for your school? Which prior year action steps have contributed to these areas of strength?
- Highlight Areas for Growth: Which data reflected areas of growth needed for your school? How will these areas for growth be addressed in your action steps and

supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.

• **Other Key Findings:** What does your overall data show regarding progress towards goals?

(3) District Goal Statements

School goals to meet the identified academic needs of students. A plan that is consistent with the LEA Plan, aligned to the GGUSD Strategic Plan and LCAP.

- **Goal 2**: All learners will develop the personal skills necessary to achieve academic and social goals.
- **Goal 3**: All learners will be prepared for lifelong success in their intended career paths.

(4) Action Steps / Schoolwide Reform Strategies (Planned Improvements in Student Performance)

Activities to reach school goals that improve academic performance of students includes:

- Opportunities for all students to meet proficient and advanced levels of achievement in state standards
 - Use of evidence-based instructional methods and strategies that:
 - Strengthen the core academic program in the school
 - \circ ~ Increase the amount and quality of learning time and help provide an enriched and accelerated program
 - Deliver an instructional program that provides extended learning time and minimizes removing students from the regular classroom during school hours
 - \circ ~ Include strategies for meeting the educational needs of historically underserved populations
 - \circ Addressing the needs of low-achieving students and those at risk of not meeting state academic content standards
 - Provide effective programs for English learners
 - \circ \quad Address how the school will determine if such needs have been met
 - \circ $\;$ Are consistent with the state plan and LEA plan $\;$
- Instruction by highly effective teachers
- High-quality and ongoing professional development for teachers, principals, and paraprofessionals

- Measures to include teachers in decisions regarding the use of academic assessments to provide information on, and to improve, the achievement of individual students and the overall instructional program
- Effective, timely assistance for students who experience difficulty in attaining the proficient or advanced level of academic content standards
- Coordination and integration of federal, state, and local services and programs
- Start and completion dates for each action or indication of timeline and target dates

SECTION B

School Parental Involvement Policy (SPIP)

- Strategies to increase parental involvement, including providing individual academic assessment results in a language the parents understand and an interpretation of those results
- Submission to the LEA of any parent comments of dissatisfaction of the SPSA or the Parental Involvement Policy.

GOAL 1 Data Review

As you review your Goal 1 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	EL performance on district assessments has improved. Reclassification rate has quadrupled. Overall scores on SBAC ELA & Math show growth. Students with disabilities are 73 points closer to meeting standards than they were 2 years ago.
Which prior year action steps have contributed to these areas of strength?	Schoolwide ELD 1st thing in the morning - uninterrupted. Communication of the importance of ELD to families. Technology integration. Teacher collaboration. Heritage Language classes
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	EL SBAC & CELDT scores still lower than expected. Growth similar to overall.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Expand enrollment in Heritage Language classes. Training to support teachers' strategy use for integrated ELD. Celebration for students who reclassify.
Other Key Findings: What does your overall data show regarding progress towards goals?	Overall data shows substantial growth in academic areas. Survey data shows increases in scholarly habits. The data shows that we are on the right track and focus on ELs will help move us even further.

GOAL 2 Data Review

As you review your Goal 2 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	Growth mindset, self-efficacy and expectations all show growth. Overall climate scores are up.
Which prior year action steps have contributed to these areas of strength?	Study of character strengths. Increased parental involvement through Parents in Action. Purposeful, directed teacher collaboration.
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	Social awareness, emotional care and sense of belonging/school connectedness are all lower than expected.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Continuing to promote parent involvement through Parents in Action. Launch Zeyen Cobra merit badge program and awards dinner
Other Key Findings: What does your overall data show regarding progress towards goals?	Building community and involving parents has had a positive impact on students.

GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	AP Enrollment and Test Taker rates are up. Math SAT scores are rising. College enrollment rate is increasing.
Which prior year action steps have contributed to these areas of strength?	Talking about college, college Wednesdays, growth mindset, study of character strengths
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	EAP rates have remained the same or dropped slightly
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	
Other Key Findings: What does your overall data show regarding progress towards goals?	We are moving in the right direction by changing mindsets and determination. Need to continue to focus on academic achievement.

ANNUAL EVALUATION

School Plan for Student Achievement Annual Evaluation

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

Section	Annual Evaluation Summary Description Use the guiding questions above and provide a summary response for each area of evaluation.
Plan Priorities	To improve academic achievement of ELs and increase the rate of reclassification. Major expenditures include: Heritage Language Program, Parents in Action. Advisory committees strongly support Heritage Language Programs and would like to see offerings expand to include students in primary grades as well as upper. Parents in Action allows all parents opportunities to volunteer on campus during the school day. Increased contact between stakeholders has had a positive impact on students' reported feelings of self-efficacy and school-connectedness as reported on the annual survey.
Plan Implementation	Enrollment in the Spanish Heritage Language Program was significantly lower than the Vietnamese class. Need to secure a stronger teacher and facilitate direct communication with between teacher and parents. Plan to hold class 2x weekly instead of 1x to maintain consistency and provide more timely feedback. Plan parent information meeting prior to the start of course registration to introduce teachers, explain expectations.
Strategies and Activities	We implemented a school-wide ELD block first thing in the morning. This intense focus on Designated ELD time helped teachers, students, and the community recognize the importance of this instruction. The timing of this block was important as the pre-teaching of vocabulary and language structures supported students' during the ELA lessons later in the day. Data meetings with teachers revealed a gap in students' understanding of academic vocabulary. This has become a focus during core instruction and teachers would like additional training in integrated ELD. RSP push in/MM inclusion has been very effective in improving SBAC scores for students with disabilities.
Involvement/ Governance	We had multiple meetings with SSC, ELAC, parent groups, staff in which all stakeholders gave input into the development of the plan. Implementation was monitored throughout the school year as advisory groups met to discuss progress.
Outcomes	Preliminary ELPAC scores show growth at all proficiency levels. Preliminary SBAC data is also positive, particularly in ELA. Parents in Action is a thriving group of 42 parents who contribute to a focus on healthy lifestyles and interact daily with teachers. The Heritage Language Program was a very positive experience for all 30 students who attended. The showcase highlighted their pride in their cultural heritage as well as their growing skills in reading, writing, listening, and speaking.

School Parental Involvement Policy: 2018-19

Involvement of Parents in the Title I Program & Building Capacity for Involvement

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

PARENTING: Help all families establish home environments to support children as students.

- 1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.
- 2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.

The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. The school will schedule ongoing parent meetings to disseminate information regarding Title I and other school programs.

The schedule of parent meetings and parent education opportunities is disseminated to parents through flyers, electronic messaging, the school website, School Messenger, emails, liaison phone calls, and the school marquee.

Parent Meetings include ELAC, Parents In Action, PTO, Latino Family Literacy, Family Nights, and 40 Developmental Assets.

A calendar of dates is available in the school office.

COMMUNICATING: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.

- 3. Our school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.
- 4. ACCESSIBILITY: The school provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students, identify their home language and preferred correspondence language during school registration. For language needs exceeding 15% of the school population, information will be made available in those languages. All notices, flyers, newsletters, etc., are translated by either school staff or the translators at the ARC. School community liaisons are available to provide interpretation for parent meetings, parent conferences, and other activities at the school site.

The school developed the policy with parent input gathered through surveys, parent meetings, School Site Council meetings, ELAC meetings. A copy of the policy is available in the school office.

Parents will be provided with information on how to become involved in school or district parent governance committees, parent organizations, parent education groups, or other parent volunteer opportunities.

The annual parent survey provides parents an opportunity to provide input into parent involvement needs. These results from the survey are shared with staff and parents, which help to guide the action planning process for the school site.

The policy is updated periodically to meet changing needs of parents and the school. The school has a process in place for involving parents in planning and designing the school's programs, the

school may use that process if it includes adequate representation of parents of Title I children [20 USC 6318 Section 1118(c)(3)]. The district provides a timeline for requirements related to Title I, parent involvement, SSC and ELAC topics to be discussed, as well as the process of reviewing and developing the SPSA, including this parental involvement policy.
